

### Approved Program Proposal

An approved program is a selection of courses designed to take the place of a minor or second major in cases where a student has a secondary interest in an area not covered by a recognized second major or minor. The program must consist of 16-24 credit hours of courses, developed in consultation with the major advisor and appropriate faculty advisor(s) in the relevant department(s). After consultation with an academic advisor and head(s) of the department(s) that offer(s) the courses in the approved program, the approved program must be approved by the department head of the major department and the dean of the college in which the primary major is housed.

*Note that the title of an approved program is not included in an academic transcript.*
